Item #	Rule (16.03.22)	Description
1	.155.01. Relocation Agreements.	Each facility must have a written agreement developed between the facility and two (2) separate locations to which residents would be relocated in the event the building is evacuated and cannot be reoccupied. The facility will review the relocation agreements annually. Facility provided documentation of agreements identified the failure to review the agreements annually with one agreement being signed in April 2024, expiring in April 2025 and the second agreement being signed in June 2022, expiring in June 2023. The current administrator stated the previous administrator had not update the relocation agreements. ***Previously cited on 12/18/2024***
2	.260.07. Toxic Chemicals.	Between 11/4/25 and 11/6/25, toxic chemicals, including paint, a spray cleaner, and a large jug of alcohol hand sanitizer, were observed to be in an unsecured cupboard under a sink next to the medication cart. Kitchen chemicals, including bleach were observed to be in the kitchen, which were accessible to residents who were cognitively and mentally impaired.
3	.310.01.c. Medication Distribution.	The temperatures for the facility's medication refrigerator, which contained insulin, were not monitored and documented

		daily. For example, temperatures were not documented 13 times in October 2025, and no documentation was available for any prior months. The facility administrator stated the staff had not been monitoring the temperatures.
4	.410. REQUIREMENTS FOR EMERGENCY ACTIONS AND FIRE DRILLS.	Emergency egress and relocation drills are required not less than six (6) times a year on a bi-monthly basis with at least two (2) drills conducted at night when the residents are sleeping. The facility only had documentation of three bi-monthly drills from 12/31/24 being conducted with only one NOC drill conducted on 1/30/25. The current administrator stated the previous administrator had not been conducting bi-monthly drills.
5	.450. REQUIREMENTS FOR FOOD AND NUTRITIONAL CARE SERVICES.	The facility did not have a Food Protection Manager. The facility administrator stated the former administrator was the manager. A staff member planned to obtain a certification within the next 90 days.
6	.600.04.b. Sufficient Personnel.	Three of three staff members, who worked alone, did not have first aid training or certifications. The administrator and house manager confirmed the staff did not have the training.
