Item #	Rule (16.03.22)	Description
19	.260.06. Toxic Chemicals.	The facility was not maintained in a clean, safe, and orderly manner. For example, in the assisted living area, the carpet in multiple residents' rooms and hallways were observed to be stained. The dining room area where the juice machine was located, inside the bottom of the cabinet was observed to be rotted with mold and the cabinet doors were sticky that made it difficult to open. The floor below the cabinet was soft and appeared to have water damage. In the memory care area, the kitchen tables were observed to be scratched and gouged and no longer a cleanable surface. The carpet in the hallway leaving the dining room was observed to be stained. Two blinds were observed broken near room 48. The administrator stated the environment was a work in progress.***Previously cited on 2/28/25***
