Item #	Rule (16.03.22)	Description
1	.305.02.b. Quarterly Nursing Assessments.	The facility did not ensure residents received medications and treatments as ordered by their provider. For example, Resident #3 was ordered lispro insulin to be administered following sliding scale four times a day, but did not receive correct dosage on 12 occasions in January 2026. The facility nurse stated they were aware insulin was not given as order but has since been corrected.
2	.310.01.c. Medication Distribution.	The facility did not maintain the medication refrigerator temperatures between 38 and 45 degrees F, which contained insulin. The temperatures were documented out of range 23 days in December 2025 and 17 days in January 2026, with temperatures as low as 20 degrees F. The administrator stated they were not aware the temperatures had been out of range.
